YOUR WEDDING DAY ...YOUR WAY!

At Runway we take your wedding day extremely serious and we want it to be a day full of magic and smiles, not panic and chaos.

No matter what the size of your Bridal Party we have the team to accommodate you.

Here are a few things leading up to your day that we would love to help you with, plus some super important must haves for your day.

LEADING UP TO YOUR BIG DAY

In the lead up to your wedding we offer you a complimentary facial and tan. We know the one thing that can offset the perfect makeup is your skin and skin tone. We offer these first services complimentary so we can assure your skin is exactly where it needs to be and your tan trial sets the perfect colour.

We recommend you do both of these 6 months out, **do not stress** we know some of you do not live around the area, just a little added extra we like to offer our Brides if they wish.

We have a medical grade skin range that assures you have the very best skin care leading into your day.

BROWS - How important is a good brow shape?

Let our specialists look after you. This is recommended the week of your wedding.

HAIR COLOUR - This is a big one for me!

The right hair colour can make or break us! This is why a Bridal trial is so important to us. Let us set your colour plan or work with your colourist to ensure we are all on the same page.

RECAP!

- Skin plan and tan trial as early as you can
- Brows the week of the wedding
- Official wedding Tan two days before

YOUR BIG DAY HAS ARRIVED

Timing on the day is the most important thing to us as a team of stylists. If you have a small or a super large wedding, we accommodate our team to suit.

It is super important that everyone getting hair and makeup done is close at the time of start. If you have a wedding group of 9 or 10 it is likely we will start 4 at a time. Having ¾ of the party off feeding chickens makes life hard.

In saying that we know mothers and guests like to arrive a little later or be first off the rank.

We will plan this to work with you but we do ask the bulk of you are ready. Our hair and makeup stylists are separate as we use specialists in both the fields so we all start at once. Keep close! We will never run you late!

PREP

Everyone can wash their hair the night before, or morning of. Please listen to this: the days are gone of dirty is flirty!

We **do not** want any hair that has not been washed the day before or morning of unless you want some 80's slick style! Trust me, clean is in!

If you have oily hair, chat to us, it is very likely we will not want you to condition your hair or we will ask you to use particular products.

Kevin Murphy ANGEL.WASH is my biggest fav for the day before or day of weddings! Come and grab some and share it between you and your bridal party! It is the perfect weight for all hair types.

Have static hair? The quickest way to ruin a hair style is with static. Caused from dehydration, you need to start a leave in treatment asap! Chat to us about which is best. We recommend you start this week in advance as we do not want it in the hair the day of.

Our team of makeup artists bring everything you need from moisturisers, skin care, through to over 40 different makeup brands. All you need to do is cleanse that morning and run free!

We look forward to making your day magical!
