

RAP Success Stories

May 2017

The 2016-2018 RAP is well on it's way to being a success. The current RAP Working Group meet monthly and have been working hard to deliver on the targets outlined in the document.

Some of the success stories so far include:

- The TFSS RAP being endorsed by Reconciliation Australia.
- All staff have received outlook calendar invites for significant cultural dates.
- The RWG have worked with management on planning to implement a selection of Len Waters' work site recommendations including displaying the TFSS Acknowledgement of Country and Yaama and Yaluu signs at each work site.
- RAP Handbook developed and distributed to staff. Belinda Kotris attended each team meeting to distribute and discuss the RAP.
- TFSS currently has ten Aboriginal employees.
- Feedback on TFSS has been sought from Aboriginal community members.

Thank you to all of the staff who attended the Reconciliation Week event hosted by the RAP Working Group. Thank you to the Gomeroi Dance Company and Galala River Care for providing an opportunity to yarn about the importance of cultural values, cultural practices and the importance of taking care of Country.
